KELSEY'S "PLANT AMERICA" AWARDS

The American Association of Nurserymen annually sponsors a nation-wide Industrial Landscape Competition, with judging by an independent panel of experts.

We are proud that for three successive years landscapings designed and installed by us have received awards in this competition:

1955	C. B. S. Hytron	Danvers, Massachusetts
1956	Northeastern University,	Boston, Massachusetts
1957	Boston Manufacturers Mutual Insurance Company and Mutual Boiler and Machinery Insurance Company	Waltham, Massachusetts

These awards were given "In recognition of achievement in industrial landscaping and beautification, contributing to employee and civic pride in our American Heritage."

Price List

1957

This price-list of fine nursery stock offered for the 1957 season supersedes all previous editions. Descriptions have been condensed but we believe will be found adequate.

For shipments by freight, express, or parcel post, add 10 percent of amount of order to cover packing costs. (The minimum charge is \$1.00). On all such shipments carriage charges are borne by the customer. Charges for truck delivery, except as scheduled within our free delivery area, will be based on the size of order and distance involved.

ALL PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE.

BALL and BURLAP CHARGES

The normal planting seasons are Spring and Fall. However, modern methods of handling allow safe planting during the summer months. This may require balling and burlapping (B&B) of certain varieties not listed as "B&B" in the price list. In such cases, or when balling and burlapping is specially requested, the following additional charges will be added to listed prices:

SHRUBS	15 to 18 in.	.30	TREES	4 to 5 ft.	1.00
	18 to 24 in.	.40		5 to 6 ft.	1.25
	2 to 3 ft.	.50		6 to 8 ft.	2.00
	3 to 4 ft.	.75		8 to 10 ft.	3.00
				10 to 12 ft.	4.50

PLEASE NOTE THESE SYMBOLS

FIGURES following the botanical names indicate the approximate heights the trees or plants may eventually reach under normal conditions.

Hv indicates a horticultural variety, selected for special characteristics which differ from the parent type or species.

x indicates a hybrid variety.

B&B indicates that the tree or plant is normally supplied with soil on roots, burlapped.

KELSEY-HIGHLANDS NURSERY

East Boxford, Massachusetts

KELSEY'S SALESGROUND — Our modern salesground at our nursery in East Boxford is designed to make your purchase of plants and accessories both pleasant and convenient. One of the largest shade-houses in the country makes it possible to offer a wide variety of specimens for immediate purchase from spring to late fall. Experienced salesmen will help you make the best selection for your particular needs.

KELSEY'S GARDEN SHOP — A complete assortment of the best garden tools, fertilizers, insecticides, grass seeds, and general garden supplies is offered in our Garden Shop, adjacent to our salesground at East Boxford.

KELSEY'S LANDSCAPE SERVICE — For many years we have been noted for the high quality of our landscape service. We have designed and installed distinctive landscaping for modest homes, large estates, and for a wide variety of public and industrial projects. This background of experience can provide the right answer to your landscape problems. Ask for further information.

KELSEY'S "CASH AND CARRY" DISCOUNT — A "Cash and Carry" discount of 5 per cent from posted prices will apply to nursery stock in our salesground, for cash payment and removal by customer's conveyance. (No discount on seeds, insecticides, fertilizers, tools, peat-moss, and similar items.)

KELSEY'S FREE DELIVERY SERVICE — Free delivery service is provided on scheduled days to points within 20 miles of East Boxford. At other times and outside this area, deliveries are by special arrangement at suitable charges. These schedules do not apply to landscape jobs; material for these is individually delivered when planting crews are available.

KELSEY'S "HOW TO PLANT" PAMPHLET — Our free booklet "How to Plant" gives helpful information, an aid to successful results. Careful planting protects your investment. Ask for your copy.

KELSEY'S GUARANTEE — We guarantee to furnish nursery stock in first class condition so that with proper after-care, losses will be reduced to a minimum. Should any stock purchased at our retail prices fail to grow within six months, we will resupply; however, any labor incidental to planting replacements must be paid by the purchaser.

Should we not have plants of the same kind in stock we reserve the right to give credit for the amount paid or supply other plants of equal value.

We will cheerfully resupply any plant found not true to name, or we will refund the amount paid for the same; but it is mutually understood that at no time shall we be held responsible for a greater sum than the purchase price.

Our guarantee is void on accounts not paid within thirty days after date of invoice.

Six percent may be charged on overdue accounts.

PLANTINGS FOR BIRDS. Birds add beauty and song to the gardens, and are of greatest value in curbing insect damage. Every garden should include plants that provide natural bird food and cover. We know what these plants are and will gladly help you plan their proper use. Birds are a constant joy and entertainment in the garden—a bird-feeding station in a corner of your garden dedicated to bird life will be a continuing delight.
